

## **Accessibility statement for Medical Training Solutions, Inc**

### **Effect Date: January 1, 2018**

We want everyone who visits the medtraining.org website to feel welcome and find the experience rewarding.

### **What are we doing?**

To help us make the medtraining.org website a positive place for everyone, we've been using the [Web Content Accessibility Guidelines \(WCAG\) 2.0](#). These guidelines explain how to make web content more accessible for people with disabilities, and user friendly for everyone.

The guidelines have three levels of accessibility (A, AA and AAA). We've chosen Level A as the target for the medtraining.org website.

### **How are we doing?**

We're working hard to achieve our goal of Level A accessibility, but we realise there are some areas that still need improving. The following information explains what we're doing to make that happen.

#### **1.2.3: Audio Description or Media Alternative (Prerecorded)**

In process.

#### **1.2.2: Captions (Prerecorded)**

In process. Available on some content.

#### **1.2.1: Audio-only and Video-only (Prerecorded)**

In process.

### **Let us know what you think**

If you enjoyed using the medtraining.org website, or if you had trouble with any part of it, please get in touch. We'd like to hear from you in any of the following ways:

- email us at [support@medtraining.org](mailto:support@medtraining.org)
- call us on 206-632-6703
